Graphic Design and Architecture, A 20th Century History closely examines the relationship between typography, image, symbolism, and the built environment by exploring principal themes, major technological developments, important manufacturers, and pioneering designers over the last 100 years.

20th century history | Download eBook PDF/EPUB

This volume is an innovative handbook for history teachers, teacher trainers, curriculum designers and those curious about history teaching. Stressing "how" to teach rather than "what" to teach, it encourages teachers to broaden their approach to European and world history rather than use them to illustrate only national pasts and concerns.
