The Grammar of Anglo-Saxon Ornament by Rosemary Cramp was published as the General Introduction to the first volume of the Corpus in 1984 and separately off-printed in 1991. It is a key text designed to facilitate and assist all those working with Anglo-Saxon sculpture to use a common vocabulary and system of description.

However, the notion of a corpus as the basis for a form of empirical linguistics is different from the examination of single texts in several fundamental ways. In principle, any collection of more than one text can be called a corpus, (corpus being Latin for "body", hence a corpus is any body of text).
