Brief History of China ... strongmen held most of the political power and continued their subservience to the Zhou kings in name only. Local leaders started using royal titles for themselves

Brief History of China - Penn State Engineering

Political science as a separate field is a rather late arrival in terms of social sciences. However, the term "political science" was not always distinguished from political philosophy, and the modern discipline has a clear set of antecedents including also moral philosophy, political economy, political theology, history, and other fields concerned with normative determinations of what ought to be and with deducing the characteristics and functions of the ideal state.
