In the questions based on analogy, a particular relationship is given and another similar relationship has to be identified from the alternatives provided.

Analogy Reasoning Material for All Competitive Exams | PDF

This book brings together contributions from leading figures in legal studies on analogy and related forms of reasoning in the law. Analogical reasoning - which relies on the concept of two different things being in some way like each other - is hugely important not just in the practice of law, but it is nonetheless strongly contested.

Analogy and exemplary reasoning in legal discourse (Book

REASONING BY ANALOGY to start it, by analogy to a procedure that often works if your car won't start.¹² However, you wouldn't kick it to make it start, as you might do if it were a donkey.¹³ So in this example, lawnmower replaces steam-boat, car replaces inn, and donkey replaces railroad.
